## **18-to-Thirtysomethings**

With 18-to-Thirtysomethings tours your customers can make the most of their time through itineraries that offer both the culture and the nightlife (with enough free time in between), stays in off-the-beaten path locales, and once-in-a-lifetime connections everywhere we go. All it takes is the customer joining with a few new friends from different places, and an appetite to start seeing what our incredible world has in store.

## Travel with Confidence

When your customers are ready to travel again, we're here to support them with our new Travel with Confidence policy. All our tours now feature new health and safety procedures from the moment your customers arrive to the moment they leave, without taking away from them having the time of their life. We also have our new Travel with Confidence Plus Collection: 37 incredible tours with added steps that go that extra, physically distanced mile.

## Who goes on a 18-to-Thirtysomethings tour?

- Young customers looking to explore with similarly aged, like-minded people from all over the world
- Seeking a balance of meaningful connections, active exploration, and nightlife
- Budget and safety conscious
- Looking for unique experiences
- Want the benefits of a small-group trip (pre-organized, everything looked after)
- Also want freedom and flexibility in their itinerary

## Tour structure

- Itineraries created with younger customers in mind
- Basic and affordable service level
- Balance of both culture and nightlife
- Accommodations are centrally located
- Guided access to highlights and advice on what to explore
- Plenty of free time and flexibility so customers can see what they want with who they want
- Your Moments, built-in on-tour experiences that connect customers to our world through local food, free time, community homestays, and/or G for Good project visits. Big Night Out and First Night Out are exclusively available with this Travel Style.

## Locally impactful

- Knowledgeable CEOs (Chief Experience Officers) guide tours and are given the flexibility to connect customers to local experiences and activities
- Ripple Scores clearly show customers how often we use quality local businesses and services (transportation, accommodation, restaurants) on each tour, this is the percentage of local expenses that stay in the communities they visit
- Planeterra projects promote community tourism, connecting customers to unforgettable, authentic local experiences that in turn help benefit the places they visit
